

2008 Foundation Annual Report

Dear Friends

Phillip S. Dingle
2007-2009 Board of Trustees Chairman
Tampa General Hospital Foundation

Dear Friends,

On behalf of the Tampa General Hospital Foundation, I am pleased to report that 2008 was a successful year, and we raised over \$6.8 million. Our achievements would not have been possible without the generosity of the many individuals, corporations, and foundations that support us throughout the year. We are especially grateful for the support we receive from the TGH Medical Staff.

This Annual Report gives you a snapshot of a "moment in time" in the new Bayshore Pavilion. During our 2008 Annual Dinner, we proudly presented Tampa General with a check for \$10 million from the proceeds of "Building on Excellence," our first ever capital campaign. This campaign for the Bayshore Pavilion was conducted under the able and skilled leadership of Stella Thayer and Jim Warren.

A few highlights of this year's fundraising success include our capital campaign, special events, and the support of Tampa General's employees:

- We completed our 2nd capital campaign, named "Tiny babies. Big priority." It exceeded our \$7 million goal towards construction of the Jennifer Leigh Muma Neonatal Intensive Care Unit.
- Our signature events raised over \$650,000, thanks to our sponsors, those who attended the events and the dedication of the volunteers who organized them.
- Hospital employees contributed \$135,000 through their Annual Employee Campaign, which is a spectacular achievement.

During the year, we funded a myriad of projects and programs. We provided infant car seats for all of our new babies, books for the pediatric patients at Healthpark, specialized equipment, and we helped fund burn camp for pediatric burn survivors, and much more.

People are motivated to support Tampa General for many reasons. Some give in gratitude for the care they or a loved one received at the hospital or because they have been personally affected by some specific disease. Others simply want to support TGH in recognition of the fantastic care provided to all patients.

The gifts we receive on behalf of Tampa General come in many forms and sizes, and all of them are important. Even a modest contribution, when pooled with other gifts, can be tremendously effective. It can help purchase a needed piece of equipment or provide a service for patients or professional development for hospital staff. For instance, last year alone, through your generous gifts, we were able to provide over 180 employees the opportunity to attend conferences and seminars where they sharpened their skills, received continuing education, shared their research findings, and learned of new programs to bring back to TGH.

As you know, 2009 is expected to be a challenging year for foundations and not-for-profit organizations, and we sincerely appreciate all of your efforts. On behalf of the Foundation Board of Trustees, the physicians and employees of Tampa General, and, most importantly, our patients and their families, thank you for your continued support.

I hope that you enjoy reading how your gifts have made an impact at Tampa General this past year.

Respectfully,

Phillip S. Dingle

Supporting Tampa General Hospital...

Every Gift Makes a Difference

The Trustees of the Tampa General Hospital Foundation would like to thank our generous benefactors, friends and volunteers for their support. We are truly grateful for gifts that enable the Foundation to support the critical programs and services of Tampa General Hospital. It is through these partnerships that we can make a lasting impact on the health care of people in our community.

The Tampa General Hospital Foundation operates exclusively for the purpose of raising funds to support the research, education and service mission of Tampa General Hospital. Each year, individuals, corporations and foundations generously support the Foundation through a variety of fundraising events, individual and corporate contributions and grants. The funds raised support initiatives that touch every area of the hospital ranging from nursing scholarships to our new Bayshore Pavilion. Each gift, small or large, makes a difference to the patients, families, physicians, and staff of Tampa General Hospital.

Following are just a few examples of gifts that demonstrate ways that our donors support Tampa General.

Making a Difference

Unrestricted gifts starting at \$1.00 and going up into the thousands are pooled together in our Fund for the Future. The TGH Foundation Board then approves expenditures for priority needs of the hospital so that we can continue to deliver exceptional care every day.

All of our patients have different needs, and the children who are patients in the Children's Medical Center are no exception. This year

The Foundation purchased a Vein Viewer for the Children's Medical Center.

the Foundation purchased a Vein Viewer Imaging System to help create a "pain-free" environment for our young patients. Have you ever been stuck with an IV? Did it hurt? Many children have veins that are difficult to find, requiring multiple IV sticks and causing significant anxiety for the patient, the parents and the nurse. The new Vein Viewer uses an infrared light source to image the hemoglobin in red blood cells and make the veins visible on the skin. It's incredible! Thanks to our Child Life staff, our Vein Viewer now looks like a giraffe and has been named Vinny, which actually makes its visits fun for kids. Every pediatric patient needing blood work or an IV benefits from this amazing purchase.

Last year, 5,585 babies were born at Tampa General. We want every mother and baby to have the best possible experience at this exciting time. We know that we cannot prevent all complications, but we can be prepared for potential problems. To provide the most realistic training for our obstetric and newborn staff, the TGH Foundation purchased a Noelle Maternal and Neonatal Birthing Simulator. Our staff now has hands-on training of common and uncommon obstetric and newborn emergencies to improve

Educator Pat Barry, RNC, MSN, sets up Noelle, the simulator which the Foundation purchased for training nurses, physicians and other care providers.

outcomes for mothers and babies, to decrease errors and improve communication and teamwork. According to Pat Barry, RNC, MSN, OB Nurse Specialist, "The Obstetric and Neonatal simulators will be particularly beneficial for multidisciplinary training involving low frequency, high risk complications in the Obstetric and Neonatal populations. These are state-of-the-art simulators that use wireless technology, so that we can simulate a pregnant trauma patient in the ER, or transport the neonate simulator from the delivery room to the Neonatal Intensive Care Unit." Mothers-to-be can be confident in the care they receive at TGH as a result of your collective gifts to the Fund for the Future.

Grants are an important funding source for Tampa General. Our physicians, nurses, and therapists use grant funding to conduct important research. The Foundation applies for grants for equipment and programs. Over the past two years, we have received two grants to fund a new educational project for our patients and families from the Verizon Foundation. The Patient Education Resource Center in the main lobby of the hospital provides easy access to healthcare educational materials for any patient, family member or visitor.

With accurate and reliable resources readily available, patients and their families can make informed decisions about their diagnoses and treatment options. Information about medications, support programs, diagnostic tests, medical procedures, and disease prevention are some examples of the variety of information that is available. The convenience of this resource provides a great service for Tampa General's patients, families and visitors.

Chief Operating Officer Deana Nelson (center left) celebrates the opening of the Patient Education Resource Center with members of the Patient Education Council.

Making a Difference

One of the most heartwarming projects the TGH Foundation funded this year literally changes the lives of children who have been badly burned. A combination of gifts designated by donors for Camp Hopetake, Board-designated funds from the Fund for the Future, and monies raised by the Tampa Fire Fighters provided a week of fun and camaraderie for over thirty-five of these special children. Children who have been disfigured by burns are very self-conscious, but they shed their inhibitions during this week with other kids just like them. A gift of \$5,000 from one generous donor gave five children the opportunity to experience Camp Hopetake.

Campers enjoying themselves at Camp Hopetake.

Sometimes gifts come in a form other than money. Throughout the year, the Foundation and the hospital's patients have been blessed by gifts from individuals, companies and their employees and other community organizations. A really special example of this generosity was demonstrated by the employees of Melitta USA who wanted to do something special for the pediatric patients in our Children's Medical Center. They raised money and made personal donations to purchase games and toys for the children to use while staying in the hospital. These are kept in the Lightning Playroom which was jointly funded by Melitta and the Lightning Foundation through proceeds from Glitz and Sticks and are also available for patients too sick to leave their rooms.

As you peruse this annual report, you will see the wonderful new facilities and state-of-the-art programs now housed in our fully-opened Bayshore Pavilion. The TGH Foundation raised \$10 million to help build this new facility for the Tampa Bay community. Gifts ranged from \$5.00 to \$1 million and were contributed by

These toys, games and activity supplies were collected by employees at Melitta USA for our Lightning Playroom. Standing around the table, from left are patient Elijah Blyden; Shirley Bobak, LPN; Senior Vice President Robin DeLaVergne; and patients Marques Dell and Joshua Blyden. Kelly Rodgers, of Child Life Services, is in front.

Phillip Dingle proudly presents a check for \$10 million from the TGH Foundation to TGH CEO Ron Hytoff and FHSC Chair Jim Warren from the Building on Excellence Campaign.

hundreds of generous donors. All donors should be proud of their contributions to this impressive new facility... their support makes a difference every single day at Tampa General Hospital.

The Women's Leadership Council was formed this year to engage women who want to become more involved with TGH and who want to make a greater impact with their philanthropic support of Tampa General. Members contribute \$1,000 annually, and the collective funds will be allocated to programs or projects selected by the membership. At the third and last meeting of each year, members will vote on how the funds will be used. By pooling their funds together, the women as a group can create a greater impact with their contribution than each would make individually. The Bank of Florida is sponsoring this program so that every dollar contributed by the members can go to the projects.

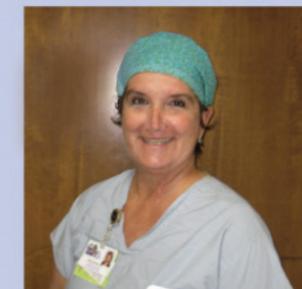

Tampa General's employees are also some of our best supporters! Not only do they work hard caring for our patients every day, but they also demonstrate their commitment to the hospital with their financial contributions to the annual Employee Campaign. Last year they donated \$135,000 to fund a Garden Retreat and expand

the Integrative Medicine Program, along with other financial needs of the hospital. This impressive group shows their appreciation by giving back to improve TGH.

The Tampa General Hospital Medical Staff continues to be a huge Foundation and hospital supporter. Over the past three years, the medical staff has donated over \$220,000 to the Foundation. Many members of the medical staff also personally support the Foundation Capital Campaigns and events.

2008 EMPLOYEE CAMPAIGN

INTEGRATIVE MEDICINE Success Stories

Judy Bedard, R.N.,
Main OR

"Integrative Medicine was consulted while I was a patient in the ICU. I was unresponsive but still subconsciously 'swimming' after a nearly fatal diving accident. Integrative medicine therapies were able to quiet me and once my mind could rest, my body was able to accept treatment and heal."

These are just a few examples of how every dollar contributed to the Tampa General Hospital Foundation makes a difference. Thank you to all of our donors who make the work that the Foundation does possible.

Signature Events

Night at the Circus

The 17th Annual Night at the Circus, chaired for a 3rd year by Christi Barli, was a special evening for kids of all ages. Presented by Feld Entertainment, donors enjoyed the Ringling Bros. and Barnum & Bailey Circus® with over \$190,000 net proceeds benefiting the new Neonatal Intensive Care unit at TGH. The TGH Foundation also donated over 1,450 tickets to local charities so children normally unable to attend would have a chance to experience the thrills of The Greatest Show on Earth®. We extend special thanks to the Don and Erika Wallace Family Foundation as our Big Top Sponsor, SunTrust as our Three Ring Sponsor and the Tampa Bay Lightning and the Lightning Foundation as our Patron's Party Sponsor.

The Ringmaster salutes 2008 Circus Chair Christi Barli.

Moments in Time Gala

Big band sounds, fabulous food and drink and an authentic cabaret floor show were enjoyed at the 2008 Moments in Time Gala, chaired by Mary Jane Campbell. Capturing a different moment in time each year, this year's theme, "Havana Nights – Before Vegas there was Havana," recreated an elegant nightclub where guests experienced the scents and sounds of exotic Cuban night life. With JPMorgan Chase as our Tropicana Sponsor, the event raised over \$240,000 for the TGH Foundation's Fund for the Future. New this year was a limited offer chance drawing to win \$10,000. Beth Basham, the lucky winner, quickly donated her winnings back to TGH.

2008 Gala Chair Mary Jane Campbell and Ron Campbell enjoy the gala with their family.

Annual Golf Tournament

A competitive group of golfers enjoyed the demanding course at Old Memorial Golf Club at the Foundation's 10th Annual Golf Tournament. Baldwin Connelly Group and The Yerrid Foundation stepped up to the plate once again as the Presenting Partner and Title Sponsor. Mark Nouss chaired this year's tournament. Followed by dinner and a live auction orchestrated by Jack Harris, this successful event raised over \$170,000 for TGH's MORE HEALTH, Inc., a health-education program, and the Foundation's Fund for the Future.

2008 Golf Chair Mark Nouss introduced Auctioneer Jack Harris, who helped raise \$22,000!

Annual Dinner

Guests attending the Foundation's 34th Annual Dinner celebrated Tampa General Hospital's many accomplishments. They also enjoyed hearing guest speakers Tom Dye and daughter Stephanie, both heart transplant recipients, tell their stories about the new hearts they received at TGH. The 2008 Annual Dinner was once again sponsored by The Bank of Tampa and Florida Investment Advisers. Joe Mestro was presented the Madeline P. Gibbons Humanitarian Award in recognition of his enthusiasm, dedication and selfless volunteerism. For the many years of hard work and effort that he contributed to the betterment of Tampa General and his lead in developing our transplant program, the James M. "Red" McEwen Award was presented this year to Dr. Dana L. Shires.

The speakers at the Annual Dinner were father and daughter heart transplant recipients Tom and Stephanie Dye. They are pictured here with Daniel and Judy Dye.

Annual Fishing Tournament

Skanska USA sponsored the 3rd Annual TGH Foundation Fishing Tournament. This year's tournament raised over \$55,000 for the new Neonatal Intensive Care Unit. The Captain's Party, shotgun start and awards program were held at the Westshore Yacht Club. Anglers had one goal in mind – catch the biggest Spanish mackerel that they could. There were cash prizes awarded, and some of the lucky anglers generously donated their winnings back to the hospital.

Fred Hames and Roger Stephan of Skanska sponsored the 3rd Annual TGH Fishing Tournament to raise money for the new NICU.

TGH Foundation's Special Programs

The Tampa General Hospital Foundation is proud to support a number of continuing programs that showcase the hospital, provide educational support to hospital employees and give families and friends the opportunity to honor and memorialize their loved ones.

White Coat Mini-Internship Program

TGH's White Coat Mini-Internship Program allows community and business leaders to experience a major teaching hospital from an insider's point of view. Each intern is paired with a Tampa General physician for an entire day. Nothing is prearranged or "sugar-coated." The intern accompanies the physician everywhere – on rounds, in patient consultations and even in the operating room. Our goal is to give the interns a real day in the life of a physician – the intensity, the drama and the complexity. It is an opportunity to demonstrate the expertise of our physicians and staff, and also their humanity.

Dr. Thomas Bernasek (left) and Mike Murray are ready for orthopedic surgery in March 2008.

Circuit Court Judge Chet Tharpe (left) traded his judicial robe for a white coat to shadow trauma surgeon Dr. David Ciesla.

Cardiologist Dr. Debbie Rinde-Hoffman took accountant Dan Dowell on rounds with her during his White Coat Internship.

Lea and Dick Beard shadowed heart transplant surgeon Dr. Cedric Sheffield (center) during the Spring White Coat Program.

Innovative Nursing Scholarship Program

The fact that the United States is experiencing a nursing shortage is well documented. With baby boomers aging, the need for health care growing, and nursing colleges and universities trying to expand enrollment levels, many organizations are seeking solutions to this growing problem. Tampa General Hospital is no exception.

In determining the best way to address the nursing shortage at TGH, internal research revealed that TGH staff members who wanted to become nurses had difficulty balancing work, school, study time, and family. Cutting back on work hours to allow time for school and study meant losing health and other employee benefits, which most staff members could not afford. Their desire to become RNs was apparent, but the practical feasibility of attending and completing nursing school was extremely low.

Our highly successful and innovative Nursing Scholarship Program is designed to give TGH employees the opportunity to attend nursing school full-time while working part-time and continuing to receive the equivalent of a full-time salary and their full employee benefits. Mentors at the hospital and universities advise the students throughout the program.

Upon completion of their degrees, the scholarship recipients must agree to work full-time at TGH as RNs for the same length of time they were in the scholarship program after passing the Florida Board of Nursing exam. Every day, one of these new nurses is taking care of patients at Tampa General Hospital, thanks to this special Foundation program.

Two of the four new nursing scholarship students, Cindy Klein and Ana Marie Pau, were recognized at the Annual Dinner.

The Golden Tree of Life

Tampa General Hospital Foundation's popular commemorative giving program, The Golden Tree of Life, provides a wonderful way to celebrate the birth of a child, a graduation or wedding, an anniversary or retirement, or the life of a loved one who has passed away.

Gracefully adorning the main lobby of the hospital, The Golden Tree of Life tangibly recognizes a commitment to caring. Purchasing a leaf or a stone provides a lasting vision of hope and encouragement for the thousands who visit Tampa General Hospital each year. Additionally, this support ensures the growth and development of educational opportunities, medical services and research initiatives that are important to the comprehensive care provided at Tampa General Hospital.

If Tampa General Hospital has played an important role in the life of someone special to you, recognizing that person on The Golden Tree of Life would be an especially meaningful way to demonstrate support for TGH.

A memorial service for Kelly Hays on October 18, 2008, tied in with Breast Cancer Awareness month. Kelly's friends and family have contributed money to the Tree of Life Endowment Fund in her memory.
